

Once Upon a Time: STEM in Fairy Tales

A workshop for libraries, schools, and out-of-school time programs

How tall is the Giant from *Jack in the Beanstalk*? How much weight can Rapunzel's hair hold? Discover the answers as you explore the STEM in your favorite fairy tales. Using hands-on activities ranging from measurement and ratios to structure and function, this workshop will uncover science and engineering principles that are almost too good to be true.

- Friday, February 28, 2020, 1pm–3:30pm
 - Wednesday, April 8, 2020, 9am–11:30am
- At Explora in Albuquerque**
