

## Color-liscious

A virtual workshop for early childhood teachers.  
Includes 2 CEU hours

Combining colors can yield surprising results. What happens when you mix pigments? What happens when you mix colored light? Learn to use chromatography to separate colors and find the hidden colors in everyday objects such as markers and coated candies.

**Participants will leave with a kit of science materials, ready-to-implement ideas, and a membership to NMAEYC.**

**Thursday, October 1, 2020, 2pm–4pm**

**Held virtually. Zoom link will be sent to registrants the day before.**

Registration is requested by September 24 so that kits can be shipped ahead of time for up to 20 registrants in the region of Four Corners, to Farmington, to Shiprock, to Gallup. Sharing a login and kit of materials is possible. Please contact Explora Reservations with questions - [reservations@explora.us](mailto:reservations@explora.us)
